OUR KEY EXCAVATION WORK VALUES

QUALITY: At TRUST PARTNERS GEO-GROUP we are committed to delivering excavation services of the highest quality. We adhere to strict standards and employ skilled professionals who take pride in their workmanship, ensuring that every project is executed with precision and attention to detail.

SAFETY: The safety of our team, clients, and the surrounding environment is our top priority. We prioritize a safe working environment, adhering to industry best practices and implementing robust safety protocols to minimize risks and promote a culture of safety awareness.

RELIABILITY: Our clients rely on us to deliver exceptional results, and we take that responsibility seriously. We surely strive to be a trusted partner, consistently meeting deadlines, exceeding expectations, and delivering on our promises.

EFFICIENCY: We understand the importance of efficient project execution. Through careful planning, strategic resource allocation, and streamlined processes, we optimize productivity and minimize downtime, ensuring timely completion of our excavation projects.

COLLABORATION: We believe in fostering strong relationships with our clients, their contractors, and stakeholders. We value open communication, active collaboration, and a solutions-oriented approach. By working together, we achieve better outcomes and create long-term partnerships built on trust and mutual success.

INNOVATION: We stay at the forefront of the industry's advancements and technological innovations. By embracing new methods, equipment, and sustainable practices, we continually seek opportunities to improve efficiency, reduce environmental impact, and deliver innovative solutions to our clients.

INTEGRITY: We conduct our business with the utmost integrity, honesty, and transparency. We operate ethically and maintain the highest standards of professionalism, ensuring fairness, accountability, and trust in all our interactions.

ENVIRONMENTAL STEWARDSHIP: We are committed to environmental stewardship in every aspect of our excavation projects. We strive to minimize our ecological footprint, implement sustainable practices, and comply with relevant regulations to protect and preserve the environment.

CUSTOMER SATISFACTION: Our ultimate goal is customer satisfaction. We actively listen to our clients, understand their unique needs, and tailor our services to meet and exceed their expectations. We are dedicated to providing exceptional customer service and building long-lasting relationships based on trust and satisfaction.

CONTINUOUS IMPROVEMENT: We embrace a culture of continuous improvement. We regularly evaluate our processes, seek feedback, and learn from each project to refine our practices. By fostering a culture of learning and growth, we ensure that we consistently deliver the best possible outcomes for our clients.

MESSAGE FROM OUR MANAGING DIRECTOR

Introducing Our 2023 / 2024 Excavation Company Profile – Your Trusted Excavation Partner

Dear Valued Client, i hope this message finds you well. We are excited to share with you our latest excavation company profile, showcasing our expertise, capabilities, and commitment to excellence in the field of excavation services.

At **TRUST PARTNERS GEO-GROUP**, we have been working diligently to enhance our services and expand our offerings to better serve your excavation needs. Our company profile encapsulates the essence of who we are, our values, and the extensive range of excavation solutions we provide. In this year's company profile, you will find comprehensive information about our experience, notable projects, and the exceptional results we have achieved for our clients 2023 and 2024. We have highlighted our core competencies, including excavation techniques, state-of-the-art equipment, safety protocols, and environmental stewardship practices.

We believe that our latest company profile demonstrates our dedication to delivering the highest quality excavation services while maintaining a strong focus on safety, efficiency, and customer satisfaction. We continuously invest in our team's skills and knowledge to stay ahead of industry trends, ensuring that we bring you the most innovative and reliable excavation solutions available. We would like to express our sincere appreciation for your continued trust and support. It is because of clients like you that we are motivated to improve and refine our services constantly. We value our relationship with you and remain committed to exceeding your expectations on every project.

We encourage you to review our 2023 / 2024 company profile, as it will provide you with a deeper understanding of our capabilities and the value we bring to your excavation projects. We are confident that you will find it informative and engaging.

If you have any questions, need further information, or would like to discuss an upcoming project, our team is ready to assist you. Please feel free to reach out to us at [0718686967](tel:0718686967). Once again, we thank you for your continued partnership. We look forward to the opportunity to work with you on future excavation endeavors and demonstrate why we are your trusted excavation partner.

Best regards, Makau Nzeli

General Manager, SEA HAWK MERCHANTS

WHO WE ARE

TRUST PARTNERS GEO-GROUP, we are one of the leading mega **EXCAVATION & CONSTRUCTION HEAVY EQUIPMENT RENTAL** company, known for our huge track record of high standard bulk excavation service delivery that have produced iconic projects countrywide.

Established in 2010, till today we are founded on the basis of delivering high quality turn-key excavation services in Kenya. All through we have executed a rich portfolio of distinguished excavation projects in multiple sectors such as governmental, corporate and private sectors.

OUR MISSION

Full time dedication to ensuring maximum satisfaction of our **CLIENTS** by providing **HIGH QUALITY EXCAVATION SERVICES** and creating a **HIGH QUALITY WORK ENVIRONMENT**.

OUR VISION

To maintain and improve our leading position as the **EXCAVATION CONTRACTOR** whose reputation is built on the basis of complete customer satisfaction by providing **HIGH STANDARD** services.

Our Organizational Structure

Trust Partners Geo-Group consists of a number of key divisions working together to achieve the company's and clients, overall goals and objectives. These divisions include **EQUIPMENT, CIVIL WORKS, ENGINEERING QS, QUALITY CONTROL, AGGREGATE and FINANCE.** These divisions work together to deliver our key services.

OUR SERVICES

Responding to the growing concern for modern construction and agricultural machinery solutions, we offer customized bulk earthwork services ranging from;

- Top soil excavation
- Bulk basement excavation
- Dam and water pan excavation
- Roadwork excavation
- Large landscape excavation
- Heavy excavation haulage and backfilling

Whether it's **EXCAVATION** for residential, commercial, or infrastructure projects, **Trust Partners Geo-Group** is the trusted partner you can rely on.

At TRUST PARTNERS GEO-GROUP we specialize in providing professional excavation services for a wide range of projects.

We take pride in our ability to execute projects within their specific timelines and budgets. Our efficient project management practices, coupled with our meticulous excavation planning and scheduling enables us to deliver results on time and within the agreed-upon budgetary constraints.

WHY CHOOSE TRUST PARTNERS GEO-GROUP

1. Extensive experience in the excavation industry, particularly in deep comprehensive basement excavation and dam excavation.
2. Proven ability to deliver projects on time and within budget, while maintaining the highest quality standards.
3. Skilled and dedicated team of professionals with expertise in various construction disciplines.
4. Strong emphasis on communication, collaboration and client satisfaction.
5. Commitment to satisfy, sustainability and environmental stewardship.

OUR STANDARD EXCAVATION WORK SCOPE

PRE-EXCAVATION PHASE

1. Assist in thorough site analysis, including topography level survey, soil testing, environmental assessments, and utility investigations.
2. Collaborate with your team to finalize project plans, specifications and excavation budgetary considerations.
3. Assist with obtaining necessary permits and regulatory approvals.

EXCAVATION PHASE

1. Provide our skilled and experienced project management team to oversee all excavation activities.
2. Mobilize the needed equipment/machines and all the necessary resources including labor to execute the excavation effectively.
3. Adhere to excavation best practices and safety standards to ensure a secure working environment.
4. Regularly communicate the excavation progress and address any concerns or challenges promptly.
5. Conduct quality inspections and implement rigorous quality control measures throughout the excavation process.
6. Collaborate with the main contractor and project engineer to ensure timely and efficient excavation delivery.

POST-EXCAVATION PHASE

1. Conduct a comprehensive project handover to the main contractor.
2. Assist with any necessary post excavation services.

QUALITY And SAFETY

By combining proactive safety strategies with our hands-on claim management we are able to reduce site accidents and near miss incidents to zero. We strongly believe that **SAFE AND EFFICIENT** operations go hand in hand and that both are products of a good management.

From **Trust Partners Geo-Group's** management and employees joint effort and participation on safety, quality and general health of our service's productivity, we have been able to pride ourselves as one of the leading excavation contractors countrywide for over a decade.

In every project we generate safety guild lines and practically implement guidance to manage the risks. **QUALITY:** At **Trust Partners Geo-Group** we are committed to delivering excavation services of the highest quality. We adhere to strict standards and employ skilled professionals who take pride in their workmanship, ensuring that every project is executed with precision and attention to detail.

Trust Partners GeoGroup

QUALITY MANAGEMENT PLAN

To ensure that TRUST PARTNERS GEO-GROUP delivers world class excavation and equipment hire services, we operate under a quality assurance framework that conforms to **National Construction Authority** and **National Environment Management Authority** requirements

At TRUST PARTNERS GEO-GROUP we advocate the policy of self-regulation and we are always committed to the development and implementation of our effective quality management plan that contributes to successful completion of our projects. Through our strong teamwork and excellent logistic coordination our main objective drives towards; timely project delivery, of the premium quality and within our clients budget and requirements.

Our **Quality Framework** includes a series of quality checks at each step in every project's life cycle to ultimately ensure a high quality service delivery. A few of these series includes;

1. Project perimeter protection
2. Monitoring underground utilities and other subsurface impediments
3. Excavation method required
4. Addressing all the safety environmental regulation policies required
5. Safe machinery site access & exit
6. Traffic control
7. Excavation walls stability tests
8. Stability of adjacent structures

Through our **Quality Control Manager** we are always committed to providing quality excavation services to our clients including supply of all backfilling materials that conforms to

OUR FLEET & specifications

Over a decade, at TRUST PARTNERS GEO-GROUP we have continually focused on innovation by investing in the latest technology equipment, having a fleet of over 40 units of machines and trucks. It is through this fleet of technologically latest equipment that we are able to deliver efficient and cost-effective solutions to our clients.

Our fleet development program is uniquely designed for procurement of modern and latest heavy machinery for efficiency and quality service delivery.

Through our fleet management database programs and our in-house mechanics, we are able to analyze and respond to any mechanical issues on time thus maximizing our output.

OUR FLEET DEVELOPMENT 2023 / 2024

We are thrilled to announce that **Trust Partners Geo-Group** recently added two brand-new Hitachi excavators to our fleet of earth moving and edge-cutting equipment. This expansion is a testament to our commitment to providing the best excavation services to our valued clients.

Hitachi excavators are renowned for their exceptional performance, reliability, and advanced technology. With their powerful capabilities and precision engineering, they will further enhance our efficiency and productivity on our excavation output.

These additions to our fleet enable us to tackle even the most challenging excavation projects with ease. From large-scale commercial ventures to intricate residential undertakings, our expanded fleet empowers us to meet the diverse needs of our clients.

At **TRUST PARTNERS GEO-GROUP**, we strive to stay at the forefront of industry advancements, and the inclusion of more Hitachi excavators is a testament to our dedication to excellence. We are excited to leverage these state-of-the-art machines to deliver unparalleled results and exceed our clients' expectations.
